WELCOME TO EAST CHINA NORMAL UNIVERSITY

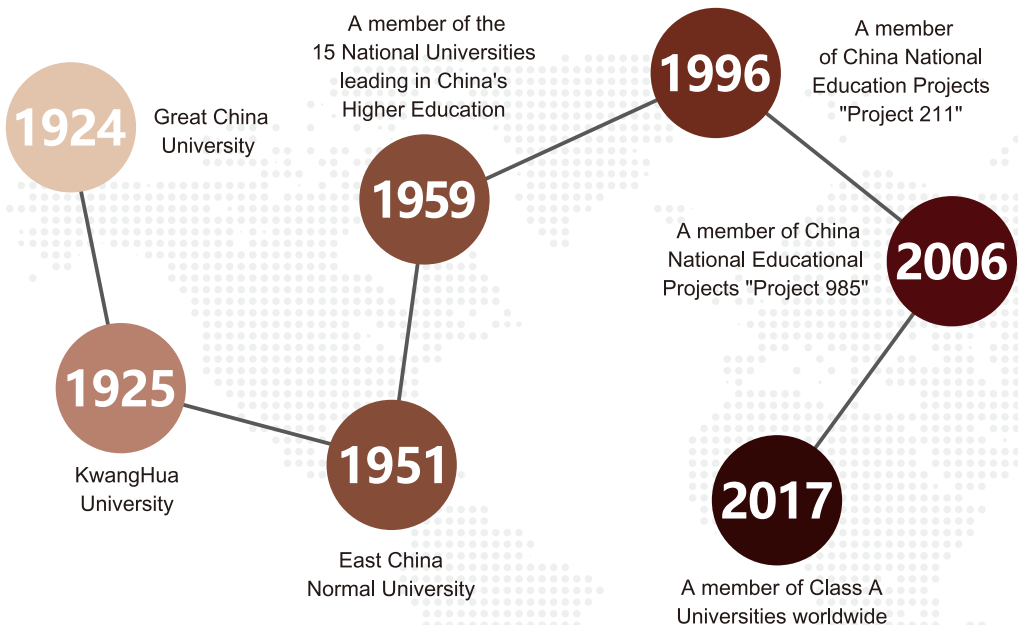

ECNU

Founded in Shanghai in October 1951, East China Normal University (ECNU) is one of the most prestigious universities in China sponsored by the national top university construction programs "Project 211" and "Project 985". In 2017, ECNU was chosen as one of the 36 Class A universities on the list of Double First Class University Plan released by the central government of China.

With two beautiful campuses located in Minhang and Putuo districts of Shanghai, and covering a total area of more than 207 hectares, ECNU has long been known as a Garden University.

History

ECNU attaches great importance to internationalization. The university has established exchange and cooperative partnerships with more than 200 internationally renowned universities and academic institutions. As one of the first Chinese universities to carry out international Chinese education, it enjoys a leading position in this field.

Adhering to the university motto of “Seek truth, foster originality, and live up to the name of a teacher”, ECNU has developed rapidly into a comprehensive research university. Currently, ECNU is working steadily towards its goal of transforming itself into a world-class university, with a number of first-class disciplines and well-coordinated discipline development, while also leading the development of China's teacher education.
